Why choose us

LET'S KEEP IT REAL!

There are a LOT of choices out there BUT here is why you should chose ME!

First let's talk about the LEGAL Stuff. I am certified, insured, licensed and passed all health inspections.

Second I am really good at what I do - but don't take my word for it... Here are what real clients have said about using my services.

Angi is Ahhhhmazing! My brows have never looked better. I was so nervous but she immediately put me at ease with her calm demeanor. She is professional, does quality work, and when it comes to brows she is truly a perfectionist. She takes her time to ensure you will LOVE the result I cannot wait to go back for my touch up!
-Renee

Angela gave me an awesome experience and getting my eyebrows done. She is professional Angela gave me an awesome experience in getting my eyebrows done. She is professional and extremely friendly. I brought her a picture of how I wanted my eyebrows done and she nailed it. I am extremely happy with how my brows turned out. Word of advice – trust the process and you will not be disappointed.
-Michelle.

Angi is Great! She is very personable, takes her time, and makes sure you like how it looks. She is a true perfectionist and artist. I love the way my brows look. Definitely worth the money and time spent getting these done.

-Praema

Angi absolutely knows what she is doing, not to mention she is the sweetest person! Being blonde with light (almost nonexistent) brows, I was initially worried about the coloring of how Microbladed brows would look, but her product and technique had them coming out looking AMAZING! Having Microblading and brows makes a huge difference that you will not regret, I 100% recommend her for the service and even referred a few of my friends that also love the results. Thanks Angi!

-Lindsay

THE PROCESS

Here is how the Permanent Makeup process works

Session appointments can range from 2-3 hours

1.

CONSULTATION

Before we do any services I want you to feel 100% comfortable and confident so this is where we answer all of your questions so we are on the same page. Consultations are done at the beginning of your appointment, or can be done via email, text, or in person prior to scheduling.

2.

SHAPING

We will discuss your bone structure, check out your dream brow photos and map out your best brows for your face and you will be able to fine tune it to perfection.

3.

Color & Ink

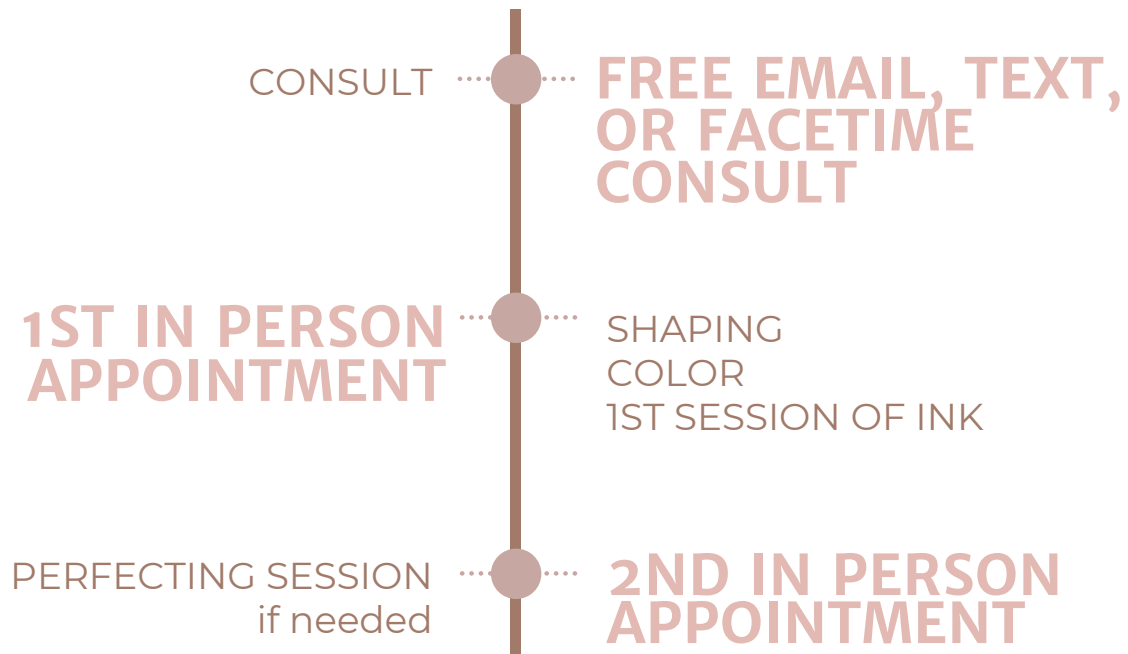

Next we will blend and create the perfect color, get you numbed up and lay down the ink. Don't worry you should feel little to NO PAIN during the entire service.

4.

Perfecting Session

After about 2 weeks from your 1st session you will be fully healed. At 6 weeks you can come on back in if you see anything that needs perfected or added.

FAQ

Does it hurt?

Permanent Makeup is a form of tattooing and I know many of us associate great pain with a tattoo BUT that is just not the case with the modern advances in permanent makeup. For starters our tools and ink are very precise and create the least amount of trauma possible and you will be happy to know that we also use numbing agents to be sure your service is the most comfortable as possible with little to NO pain at all.

Do you shave my eyebrows?

NO we do NOT shave off your eyebrows. We will however spend some time mapping out your best eyebrow shape and removing any surrounding hairs via tweezing to show you your new shape.

How long is the down time?

As with any service we want to know how long is the healing time. With permanent makeup we are implanting ink under the layer of skin and creating a wound. The healing process takes 7-12 days but you can return to work the very same day with almost NO noticeable wound at all. Be warned your co-workers may notice your incredible new brows!

Is PMU for you?

Permanent Makeup is an incredibly safe procedure for a healthy individual. Because PMU does cause a skin trauma and your body must react in a proper healing manner you must meet the following health requirements for the best possible results:

- Must be 18 years of age or older
- Not Pregnant or Nursing
- Not on any blood thinning medication
- Not Diabetic
- NO skin sensitivities, open wounds, eczema around the treatment area
- NO Botox or Dysport within 2-4 weeks of appointment date
- NOT on acutane for the last 6 months

Skin Type...

We all have a unique skin type whether it be oily, dry or combination and PMU can heal differently according to your skin type. When we do your consult and I understand your brow goals I will recommend the best technique for you so having an open mind will allow me to guide you to your best results.

About Us

A little bit about myself

Growing up in the 90's brought all kinds of fashion influences—the most memorable being super thin eyebrows to the point of no return! After 20 amazing years in the beauty industry, I found Microblading in 2016 and I knew this was a career shift made for me!

After getting my brows done I was transformed into a NEW woman!!! I had confidence, I had increased self-esteem and LOVED MY BROWS. I felt amazing and it was that exact day that I wanted to help other women feel the same. So I did!

5 years and 4 certifications later I have performed over 1000 services and wake up loving every day looking forward to having my clients fall in love with their brows again.

I would have never thought that Brows would be such a huge part of my life - but I want to take a moment to thank the 90's for helping me find my life's passions. I can't wait to meet you.
